Family Groceries.

Every good housekeeper appreciates a good, reliable grocer. That's what we claim to be. We give at all times the **Freshest and Best** in the market, and at prices that make the other fellows open their eyes.

There's a Reason

Why our business has doubled—trebled—quadrupled—and you do not have to be a college graduate to figure it out.

We simply "make good."

The Baxter Elks and their wives and lady friends attended a big ball given by the Elks in Galena last Friday night. The occasion was a very enjoyable one.

The movement for Booster Days for Baxter Springs is well under way, and when you are called on we shall expect you to do your full duty. But of course you will.

W. H. Glines, who has been living out on the Ebenstein place, west of town, has sold out and is moving to Texas. G. G. Troyer has moved to the place vacated by Mr. Glines.

The young people out west of town enjoyed a dance and party at Orrin Callis' last Thursday night. Orrin and his wife are both fine entertainers, and it is hardly necessary to say the guests had a fine time.

The building of new walk on the grade in front of the new Polster block will necessitate a lowering of walks in front of the adjacent property, but of course it is better to get it all down on grade, where it belongs.

The brick work on the Gaba block is practically completed, and it looks very nice, too. The woodwork on the building will be finished as fast as possible, and it will not be very long until it will be ready for occupancy.

John M. Cooper and daughter, Mrs. Ida Noble, left last week for Eustis, Florida, to visit Mr. Cooper's daughter, Mrs. T. W. Childs. They were accompanied by Z. H. Lowdermilk of Joplin, and will be gone several weeks.

V. O. Boone, a former resident of this city, but now living at Seattle, Washington, was here last week visiting old "friends." He went from here to Miami last Friday, and from there left for his home in the West the fore part of the week. Boone is in business in Seattle and is doing well. He reports his mother, Mrs. Sands, as very well, indeed.

J. F. Grayson of Lawrence, Kansas, was here last week visiting Abe Swalley, out west of town. Mr. Grayson left here when quite a small boy, 33 years ago. His father settled the place now owned by Swalley, just west of the cemetery, in 1867. Grayson, senior, died here and was buried in the Baxter cemetery. While here the son made arrangements to have the cemetery lot where his father is buried looked after.

The United Drug Company of Boston is going to build a factory in Kansas City. This company makes the famous Rexall line of remedies, and every drug-gist handling them is a stockholder in the company. The Kansas City house will employ about eight hundred people from start, and within a year from the time of opening will employ in the neighborhood of twelve hundred. This line of remedies is slowly, but surely supplanting other proprietary remedies. M. E. Reddy is the Baxter Springs salesman of these remedies, and is a stockholder in the company.

Great bargains in sewing machines. Closing out sale, Columbus Music House, Columbus, Kas.

Mrs. S. B. Apple Dead.

Mrs. Samuel B. Apple died very suddenly Sunday morning about five o'clock. She was stricken the evening before with paralysis, and a physician was summoned, but she did not rally, and in a few hours passed away.

Mrs. Apple was 64 years of age and was married twice, her first husband being William Gibbons, who died. Her maiden name was Lou Butler. To the first union one child was born, Mrs. Jennie Rowe of Columbus. She was married in 1873 to S. B. Apple and to this union five children were born. They are W. T. Apple, Mrs. J. E. Vincent, Mrs. L. L. Cardid of this city, Spencer Apple of Kansas City and William B. Apple of Quapaw. Capt. S. S. Butler of Quapaw is a brother of the deceased.

Mrs. Apple taught school in this city in the early days of the town, and was a very successful teacher. She was a very fine woman, a kind mother and an affectionate wife, and her deeds of good were many. She never paraded her charities, but did many deeds of that kind and the world is much better because of her having lived.

Funeral services were held at the home on Monday afternoon, after which the remains were interred in the Baxter cemetery. The funeral was largely attended.

Lots of Fat Cattle.

Several loads of mighty fat cattle were shipped out of this city this week. The following parties shipped:

Justice & Gill, 7 loads.
McAboy & Gaines, 3 loads.
M. D. Hileman, 2 loads.
E. L. Wright, 1 load.

These cattle are all very fine, being hog fat. They have been fed cotton seed meal and corn chop all winter. The stuff will average around fourteen hundred pounds.

Gregg Ewers Dead.

Gregg Ewers, who has been ill for some time, died on Monday of this week just after noon. He was a victim of pneumonia.

Funeral services were held on Tuesday afternoon and the remains interred in the Galena cemetery.

Last year there were business people in this city who did not contribute to the Booster Day movement, although they were benefited by it. This year it is the intention of the News to publish the names of those subscribing to the fund, for it is but right and just that it should be known who do not help.

Business Change.

E. H. Schloeman has bought out Hemstreet & Hartley in the transfer business and is now in charge. He tells us he will try to give the public good service, and make good in every way. The transfer business in Baxter Springs is always good.

Cost of Living.

The high cost of living got a setback Monday when eggs on the Kansas City market declined two cents a dozen and the price of hogs was from 20 to 30 cents lower. On Tuesday the price of hogs went off 15 cents more.

G. W. Taylor, better known as "Charlie" Taylor, living northwest of town, has some of the finest horses and mules it has been our pleasure to see for a long time. And he has a lot of them, 33 head. The stock are in fine condition and are housed in the very best of barns and sheds. Taylor has a fine place, and takes great pride in keeping it in fine shape. He is one of those fellows who are not out of their breeches long enough to let 'em cool off. Some time ago he decided to not take any chances on getting out of water, so he got Ol. Youse to go out and drill him a well. The well is something over three hundred feet, and furnishes an abundance of pure sulphur water, soft and good. Many of Mr. Taylor's neighbors get water from this well. Taylor is one of the farmers who keeps his implements housed, consequently when the work season begins his tools are in good shape for business.
